

Addendum #1 to:

Request for Qualifications

Construction Services

Downtown Jacksonville, FL

Issued: Friday, January 14, 2022

Contracting Agency: Downtown Vision, Inc.

Clarifications, Questions and Answers

1. Clarification regarding the response submission deadline:

In the original RFQ document, there was an inconsistency between the submission deadline time listed on the cover page and in the submission instructions section of the RFQ document. All responses must be received by Downtown Vision, Inc. by 3:00 p.m. on February 18, 2022.

2. Will responses to the RFQ be opened in public or in private?

Responses will be opened in private, but will become public record once received and opened by DVI.

3. Will permitting occur during the design phase or during the construction phase?

Permitting will occur during the design and pre-construction phase, barring any needed updates, should not be the responsibility of the selected contractor(s).

4. Will there be any minority participation requirements in the project?

The procurement process will use good faith efforts to provide contracting opportunities to small and emerging businesses in Duval County.
